

Service Bulletin

Date: 5-30-12

Service Bulletin: A.C.T. 5-12, 1 – CS Style Condenser Mounting

Models Affected: A.C.T. Thin Line Skirt Mounted Condenser Models:

Thin Line CS-2 – Beginning with Serial Number 20-11917

Thin Line CS-3/CS-32 – Beginning with Serial Number 30-10445

Release Date: May 2011

Action: With the introduction of the new standard Thin Line Skirt Mount Condensers A.C.T. has changed the mounting and overall dimensions of the listed Skirt Mounted Condensers. In reducing the condenser cabinet depth by 2” the mounting holes were moved 2” closer together. Please refer to the component section of the A.C.T. website for exact dimensions.

In the event that a replacement skirt mounted condenser is needed, an adapter kit may be required. The part number for the adapter kit is 301-020. When ordering replacement condensers, please have the original serial number available to help determine if an adapter kit is required.
