

## **INSTALLER WARRANTY RESPONSIBILITY**

The installer is identified as the company or person responsible for the labor associated with the installation of any American Cooling Technology Inc., system or components.

The installer agrees to:

1. Seek all necessary training to provide a quality installation.
2. Install A.C.T. products in accordance with supplied Wiring and Piping schematics.
3. Warrant all installation services provided by the installer to be free from defect for a period of one year (parts and labor covered).
4. Complete A.C.T. Warranty Registration Card
5. Complete Mount Kit Warranty Registration Card
6. Complete A.C.T. System and Component information label and apply label to vehicle.
7. Return Warranty Registration Cards to A.C.T. within 30 days of installation.
8. Review American Cooling Technology Inc., and installer warranty information with customer upon completion of system installation.
9. Contact A.C.T. with any questions to ensure proper installation procedures.
10. Comply with A.C.T. Warranty Procedure for Warranty issues related to A.C.T. products.
